

2024 & ROLLING

Where does the time go? It seems like a year in a future movie. I hope we all will take the time to push “pause” and evaluate the moment with your 1st, 5th, 8th, 10th or ?? grade student.

I can see your thought bubbles:

Are you kidding me?

Just yesterday.

Growing up too fast.

What a beauty.

Or what a piece of work! (Just Kidding...kind of)

Wherever you find yourself, please know that we don't believe it is by accident that you and your “crew” are here at Concord Academy. We count it a privilege and honor to partner with you for this great cause, Christian Education.

My prayer is that this partnership and privilege keeps rolling. As I mentioned recently, we are at 83% capacity this year. Concord Academy's Open House in January was one of the most, if not the most highly attended Open House ever. Our reenrollment numbers are at an all-time January high. We give God all the glory and credit. However, I truly believe we will come very close to being at full capacity for next year. I am confident some, if not all, grade levels will reach waiting list status sooner rather than later.

Remember: It's FEBRUARY!

Please secure your student's spot by re-enrolling NOW!

This verse embraces my heart:

I have no greater joy than this: to hear that my children are living according to the truth. 3 John 1:4 CEB

Are you with me?

“The more that you read, the more things they will know. The more that you learn, the more places you'll go.” -Dr. Suess

My prayer is that our kids and grandkids will experience this while loving, Jesus and changing the world today and in the future. Let's continue to partner together here at Concord Academy! It wouldn't be the same without you and your “crew”!

Blessings.

Mr. C
