

CONNECT CEN

Prayerfully, these two verses set the table for a fresh revelation as we dial in to Christmas 2022.

*Luke 2:11,17*

*"Today in the town of David a Savior has been born to you; he is the Messiah, the Lord."*

*"When they had seen the him, they spread the word concerning what had been told them about this child."*

The shepherds had a wake-up call (Ya think?! An angelic visitation!). These everyday servants were positioned spiritually to receive a fresh revelation. We may not have an angel show up, (but if you do, please let me know). However, just maybe this devotional, or a message at the church, or a visitation from someone special, will be revolutionary and provide fresh eyes to our view this season.

This picture in our church and school atrium was my fresh revelation. The tree, the presents, the lights, are absolutely amazing but tucked away behind all the glitter (ironically at our "Connect Center") is the real story. Hear me now, there is nothing wrong with the tree, presents, or lights, they are in my living room too! But when I focus, when I take a breath, and truly dial in, I see the reason for the season. As I look there behind the tree in the atrium and on my table in my house, I truly feel a fresh revelation of my King. How about you? Do you see Him?

Let's focus and redirect our view next week. Let's purpose to gain a fresh revelation of the greatest story ever told. It'll put perspective to all our distractions and prayerfully give us a joy filled Christmas with our "crews"!

Merry Christmas!

Mr. C.

Merry Christmas!
