

**Give thanks to the only miracle-working God!
His tender love for us continues on forever!
Psalm 136:4 TPT**

Desired miracles come in all sizes. If we're not careful we forget the times and seasons when little and big miracles were delivered by our Great God!

Are you in a "rut" ? Are you in a place of frustration or apathy? We all have been there. Just maybe we can thank ourselves out of it! What? Listen to the words of Max Lucado!

"Gratitude develops faith.

**The surest path out of a slump is marked
by the road sign
'thank you, God'.**

The miracles in our horizon are just around the corner. can you see them by faith?

If it's cloudy, hang tight, look around your

Thanksgiving table,

whether there are 2 or 20,

and give thanks to the one and only
miracle working God!

Blessings to you and your great "crew" this Thanksgiving season. I'm thankful for you and believing with you that you will experience His tender, great love.

Clinging to The One & Only with you!
